

Epifanes Paint Remover

Description	Paint Remover of various coatings
Type	Water based
Properties	A safe and odorless remover of almost all one-and two-part coatings, varnishes, antifouling and epoxy based paints. Effectively working and non-evaporating. Suitable for use on vertical and overhanging areas. pH neutral, biologically degradable, does not contain any lyes, acids or biocides and is harmless to the substrate. May be applied in full sunshine and below freezing.
Field of application	Removal of layers on fiberglass, steel, wood and aluminum. Do not apply on soft plastics. Always first make a small test patch to check compatibility. After use, remove all remaining material prior to applying any paint layer.
Colour	green
Density	1,17kg/dm ³
Viscosity	Not determined
Solids contents	100%
VOC - level	73 grams/litre
Packing	1000ml.
Coverage	1000ml. is sufficient for approx. 20-40 sq. ft./2-4 m ² .
Shelf life	In closed container stored in a dark location between 5 - 25°C., approx. 2 years
Tips for application	Stir well prior to use. Apply one thick layer by medium long natural haired brush. Avoid overbrushing. Depended on the paint layer to be removed allow the paint remover 30 minutes to 24 hours to react. Scrape clean with filling knife or shave hook. Remove remaining paint remover by washing the surface with a water.
Reaction time	Unlike old style paint removers based on methylene chloride, this paint remover will need more time to react. Reaction time depends on type and thickness of coating.
Safety	The user of this product should obey all national laws and legislation concerning health, safety and environmental hazard. For more information on health and safety, refer to the Material Safety Data Sheet of this product.
